

FieldService

```
graph LR; subgraph FieldService; subgraph InnerPackage; ViewModels; Properties; Mocks; Data; FieldServiceTests[FieldService.Tests]; end; end;
```

The diagram illustrates the structure of the FieldService package. It is represented as a large light purple rectangle with a black border. Inside this rectangle, the text 'FieldService' is centered at the top. Below this, there is a smaller, horizontally-oriented light purple rectangle, also with a black border. This inner rectangle contains five elements arranged horizontally: four white rectangular boxes with black borders, each containing the text 'ViewModels', 'Properties', 'Mocks', and 'Data' respectively, and a final text label 'FieldService.Tests' on the right side of the inner rectangle.
