

Dialog

```
classDiagram
    class Dialog
    class BaseDialog["FieldService.Android.Dialogs.BaseDialog"]
    BaseDialog --|> Dialog
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'Dialog'. Below it is a larger box labeled 'FieldService.Android.Dialogs.BaseDialog'. A blue arrow points from the 'BaseDialog' box up to the 'Dialog' box, indicating that 'BaseDialog' inherits from 'Dialog'.

FieldService.Android.Dialogs.
BaseDialog
